

Instructions for use of the Villa Tammekann / Reminders

- I will do my part in creating and maintaining a pleasant atmosphere.
- I will take good care of house property. I will not use objects that are intended only for the staff.
- I will not wear shoes when inside the house, either on the ground floor or the first floor.
- I will not smoke indoors and will only smoke in designated areas outside. The use of the fireplace is absolutely prohibited (this will cause a fire alarm). A fine will be levied.
- I will inform the caretaker of any problems I may encounter. I will try to restrict my dealings with the caretaker to breakfast times and to inform her well in advance about any special requests I have. I will attempt to respect the caretaker's free time in the evenings.
- I will shut doors and take good care of keys given to me.
- I will schedule my use of the sauna with the caretaker. Use of the sauna is limited to one hour per overnight stay and must take place before 9 pm. Additional hours will be billed separately.
- I will alert the caretaker of any safety issues that I detect.
- I agree to report any damage that I cause and to make compensation.
- If I invite guests of my own to the house, I will take full responsibility for their actions. If I invite more than three guests at a time, I will notify the caretaker in advance. I will not use the premises for formal events without permission.
