

- 3.10.** **Alex-Mikael Barkoff**, University of Turku: *Serology in pertussis research and diagnostics* Host: Kirsi Gröndahl-Yli-Hannuksela. Location: Laurén-sali 2
- 10.10.** **NO SEMINAR**
- 17.10.** **NO SEMINAR**
- 24.10.** **Teemu Kallonen**, University of Oslo: *Whole-genome sequencing in studying antibiotic resistant bacteria*. Host: Alex-Mikael Barkoff. Location: Laurén-sali 2
- 31.10.** **Sari Törmänen**, University of Tampere: *Toll-like receptors and Asthma*. Host: Alex-Mikael Barkoff. Location: Laurén-sali 2
- 7.11.** **Jari Nuutila, Päivi Jalava-Karvinen**, University of Turku and University Hospital Turku: *Flow cytometry in infection diagnostics*. Host: Sisko Tauriainen. Location: Laurén-sali 1
- 14.11.** **Tomas Strandin**, University of Helsinki: *The role of endothelial cells in hantavirus pathogenesis*. Host: Pekka Kolehmainen. Location: Laurén-sali 2
- 21.11.** **Annukka Pietikäinen**, University of Turku: *Pathogenesis and diagnostics of Lyme borreliosis* Host: Jukka Hytönen. Location: Laurén-sali 2
- 28.11.** **Ilona Rissanen**, University of Helsinki: *Molecular architecture of hantaviruses: keys to infection and virus neutralization*. Host: Sisko Tauriainen. Location: Laurén-sali 2
- 5.12.** **Mikko Metsä-Ketelä**, University of Turku: *To be announced*. Host: Kirsi Gröndahl-Yli-Hannuksela. Location: Säätio-sali
- 12.12.** **Urpo Lamminmäki**, University of Turku: *Synthetic Antibodies – Affinity Tools for Unmet Needs*. Host: Jukka Alinikula. Location: Laurén-sali 2
