

1

MAIN VIEW

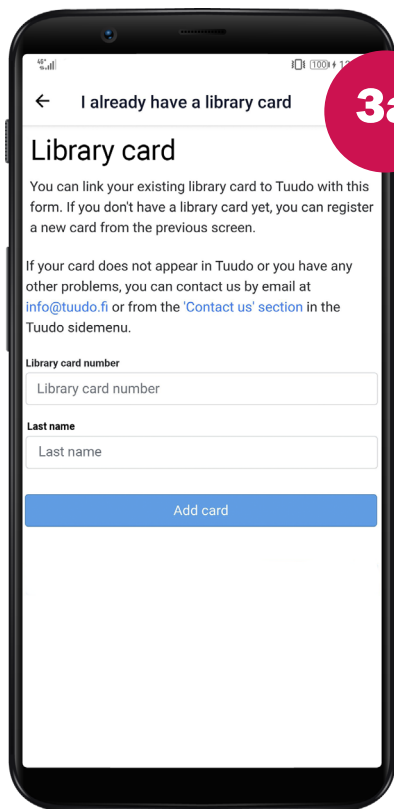

If you already have a library card, it should automatically appear in Tuudo. If you don't have a card, you can create one by tapping the Add card button and by following the instructions.

SELECTION VIEW

After tapping the Add card button, you can either choose to create a new library card or add an existing one to Tuudo if it doesn't appear automatically.

3a

ADDING A CARD

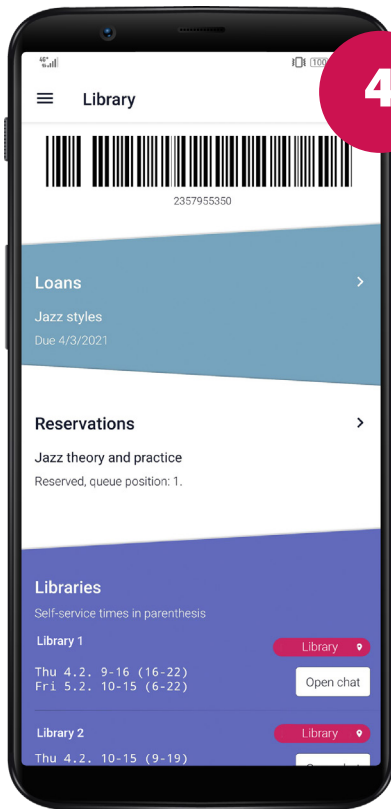

If your card doesn't appear automatically, follow Tuudo's instructions and supply your card number and last name to the form. If you have problems, please contact us: info@tuudo.

CREATING A CARD

Fill in the information needed. Some information may come automatically from your university. Tuudo will tell you when your card has been created.

3b

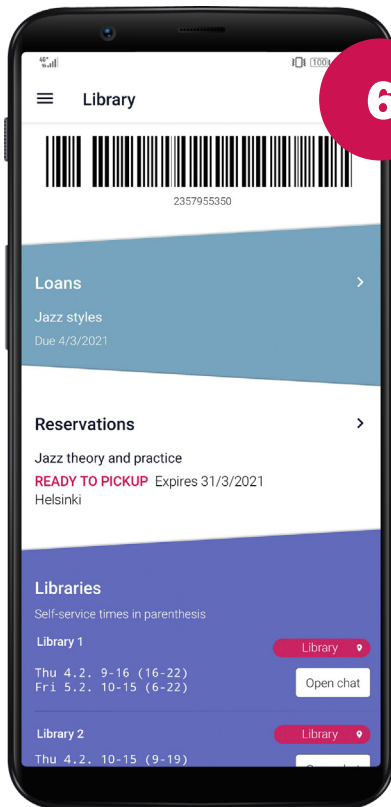

LOANS

After adding / creating a card, you can see your loans, reservations and unpaid fees in Tuudo. You can also loan materials in campus libraries using your Tuudo library bar code.

RENEW A LOAN

If you don't have unpaid fees, you can renew your loans directly in Tuudo. Tap the name of the material loan you want to renew and choose: Renew loan.

RESERVATIONS AND OPENING HOURS

You can keep track of your reservations and library's opening hours with Tuudo app. When your reservations are ready for you, Tuudo will send you a notification. By tapping the red location button, you can access the campus map and see all the library office locations.
