

## Programme Specific questions for MDP in Health Technology

These questions will be asked on the Application form you will find in [studyinfo.fi](http://studyinfo.fi) after the start of the application period. This document has been created so that applicants can familiarize themselves with the programme specific questions and prepare answers in advance. This is particularly relevant for possible motivation letters and other questions requiring a longer answer. We recommend you draft the answer in advance and then copy and paste the text onto the application form. Please note that unless stated otherwise the answers should be written directly onto the application form and not be added as attachments.

### **Expectations**

What are your expectations concerning the programme?

### **Areas of expertise**

Describe your areas of expertise relevant to the field of health technology. Relevant areas of expertise can include for example general computing or data analytics skills, and/or expertise in life sciences such as biomedical or health sciences (which particular subjects/topics are your specific strengths?).

### **Work experience**

Do you have work experience that you regard as relevant background for master studies in health technology?

### **Motivation letter**

Please tell us why you are applying to the Master's Degree Programme in Health Technology at the University of Turku.

The motivation letter should be no longer than 5000 characters (including spaces).

### **Future plans**

What are your anticipations concerning employment after graduation, and/or plans for further studies?
