

## Programme Specific questions for MDP in Human Neuroscience

These questions will be asked on the Application form you will find in [studyinfo.fi](http://studyinfo.fi) after the start of the application period. This document has been created so that applicants can familiarize themselves with the programme specific questions and prepare answers in advance. This is particularly relevant for possible motivation letters and other questions requiring a longer answer. We recommend you draft the answer in advance and then copy and paste the text onto the application form. Please note that unless stated otherwise the answers should be written directly onto the application form and not be added as attachments.

### **Motivation letter**

The motivation letter is a very important document in the application process. Please prepare it carefully and describe the following:

1. Your plans and goals; why are you interested in human neuroscience and why this program?
2. The relevance of your study history including previous studies in neuroscience
3. Knowledge and studies in statistics and/or mathematics
4. Skills in programming and experience in using data analysis tools
5. English skills; scientific writing.

Motivation letter should be max. 2000 characters (including spaces) long. Please note that the motivation letter may be checked for plagiarism.
