

Programme Specific questions for MDP in Information and Communication Technology

These questions will be asked on the Application form you will find in studyinfo.fi after the start of the application period. This document has been created so that applicants can familiarize themselves with the programme specific questions and prepare answers in advance. This is particularly relevant for possible motivation letters and other questions requiring a longer answer. We recommend you draft the answer in advance and then copy and paste the text onto the application form. Please note that unless stated otherwise the answers should be written directly onto the application form and not be added as attachments.

Specialisation track

You may choose max one specialisation track. Please indicate here your option.

- Cyber Security
- Smart Systems
- Cryptography
- Data Analytics
- Software Engineering

Expectations

What are your expectations concerning the programme and the major you have chosen?

Areas of expertise

Describe your areas of expertise in the field of information and communication technology and specify your strengths on the applied track (which particular subjects/topics are your specific strengths?).

Experience

Describe your experience in the major you are applying to.

Work experience

Do you have work experience that you regard as relevant background for master studies in the chosen major? Please include copies of documents proving your work experience as appendices to this application

Motivation letter

Please tell us why you are applying to the Master's Degree Programme in Information and Communication Technology at the University of Turku, and especially why you are applying to the chosen major.

The motivation letter should be no longer than 5000 characters (including spaces).

Future plans

What are your anticipations concerning employment after graduation, and/or plans for further studies?
