

CompLifeSci Research Program of BioCity Turku call for 2022 grants

Grants to attend conferences, workshops, courses including online events

All members (individually or through research team) of the CompLifeSci Research Program of BioCity Turku are eligible to apply for the grant. The call is open for applicants at any career level. The grant recipient must not be employed by University of Turku.

The grant is for attending conferences, workshops and courses including online events. The maximum amount of the grant is 1500 euros.

The decision will be made by the board of CompLifeSci no later than 12.12.2022. The grant will be paid by the end of 2022.

Deadline: 11.12.2022

How to apply:

Send max. 1 page application to CompLifeSci coordinator Tuomas Borman <complifesci-coordinator@utu.fi>. The application should include applicant's name and contact details, possible supervisor name, affiliation, grant sum to be applied, justification, and possible other relevant information. The application should be submitted as a single pdf file and named CompLifeSci-Grant-YourName.pdf
