

FINDOS Symposium 2021: Saliva and Lifestyle – Microbial and Clinical Perspectives

Thursday 20 May 2021 and Thursday 2 September 2021

The Finnish Doctoral Programme in Oral Sciences (FINDOS Turku) organizes a two part online symposium in May and September 2021.

In the two webinars, the question to be answered is how do our lifestyle choices and nutritional preferences affect our oral microbial composition and salivary defense?

REGISTER HERE

The deadline for registration for Part 1 participate is 18 May 2021.

Doctoral candidates who wish to present their research should register by 6 May at the latest. Approved presenters will be notified on 7 May 2021, presenters are selected on a first come first served basis.

Registration for Part 2 opens in August 2021.

Participation in FINDOS Symposium 2021 is free of charge.

PART 1: Nutrition and Microbiome Thursday 20 May 2021

Morning session (10.00-12.00)

Chair: Vuokko Loimaranta

Kirsi Laitinen Associate professor (University of Turku)
Impact of Nutrition on Human Microbiome

Anders Esberg PhD (Umeå University, Sweden)
Nutrition, Genes, and Oral Microbiome

Afternoon session (13.00-14.30)

Chair: Liisa Lehto

Presentations by selected UTU doctoral candidates
(15min/presentation inc. questions)

PART 2: Lifestyle and Saliva Thursday 2 September 2021

Morning session (10.00-12.00)

Chair: Ulvi Gursoy

Toon Ligtenberg Associate professor (ACTA, the Netherlands)
Lifestyle Choices and Salivary Defense

Floris Bikker (ACTA, the Netherlands)
Hyposalivation in relation to the protective functions of saliva

Afternoon session (13.00-14.30)

Chair: Liisa Lehto

Presentations by selected UTU doctoral candidates
(15min/presentation inc. questions)
