

# Symposium: Postdoctoral Researchers in Nursing Science Shaping the Future of the Social and Health Care

at the Department of Nursing Science, University of Turku, Finland  
December 12-13, 2024

## Call for Abstracts

You are warmly invited to submit an abstract for the symposium. The abstract should concern your ongoing or planned postdoctoral research. We accept all content areas and methodological selections. We especially welcome this year abstracts related to the themes of 1) working-life orientation and relations in planning, executing, implementing your study and disseminating research results, and 2) efficiency of health care systems.

Formal instructions are as follows:

- Abstract must be written in English.
- Abstract should be formatted as follows: Title (max 200 characters with spaces), Authors (name, academic degree, affiliation, country), Body text (max 2200 characters with spaces), no references needed.
- The structure of the Body text is suggested to be as follows: Introduction, Aim, Methods, Results, Conclusions.
- Information if you wish to present your work as oral communication or a poster.

Abstracts are submitted online. Please, follow the detailed instructions given on the website and submission system when submitting your abstract. You will receive a short automatic reply confirming receipt of your abstract.

The deadline for submitting abstracts is May 15, 2024.

All abstracts will be reviewed. We expect to inform you of the outcome of the review process by June 20, 2024.
