Instructions on how to prepare a list of publications

For each publication, give a complete reference that includes the author(s), the title of the article or publication and the publisher.

The length of the list of publications is not limited. Those applying for the position of Professor, please clearly indicate the ten most important publications in terms of your research plan.

Publications should be divided into those published in Finland and those published abroad.

Within the list, the publications should be grouped as follows:

1. Articles in refereed scientific journals
2. Articles in refereed scientific edited volumes and conference proceedings
3. Published monographs
4. Other scientific publications
5. Textbooks and other research-related books
6. Articles and radio and television programs popularizing science
7. Other publications
